# CBS DAY 2024

**JULY 28, 2024**

**ASABE ANNUAL INTERNATIONAL MEETING  
Marriott Anaheim – Anaheim, California**

## JOIN US

Explore, engage, and innovate in sustainability

CBS Day 2024 focuses on advancing circular bioeconomy systems (CBS) by showcasing global CBS activities, forming cross-disciplinary partnerships, and enhancing networking.

The event will share outcomes from recent workshops and gather insights for the 2025 CBS Summit, aiming to strengthen our network and collaborative efforts to address global sustainability challenges.

## CONFIRMED SPEAKERS

Jim Dooley, Forest Concepts, LLC

Nicole Labbe, University of Tennessee

Ernie Shea, Solutions from the Land

David Zilberman, UC-Berkeley

Genevieve K. Croft, Schmidt Sciences

P.V. Vara Prasad, Kansas State University

Stella Salvo, Bayer Crop Sciences

Mark Eiless, US Department of Energy

## Plenary Sessions

- Keynote presentations by thought leaders in agricultural and biological engineering
- Keynote presentations by thought leaders in other science and engineering disciplines
- Open-mic panel discussions

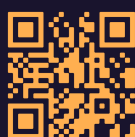

## Panel Discussions

- Outcomes from multidisciplinary stakeholder workshops held in 2024
- Building transdisciplinary partnerships to advance system-level innovations for circular bioeconomy systems and share current industrial examples
- The importance of transdisciplinary teams for innovating solutions for the grand challenges and potential funding opportunities
- Building professional-society alliances: needs, gaps, opportunities, and future actions

## Poster Session

Technical and methodology advances for more sustainable circular bioeconomy systems
